

Diamond Head Bungalows

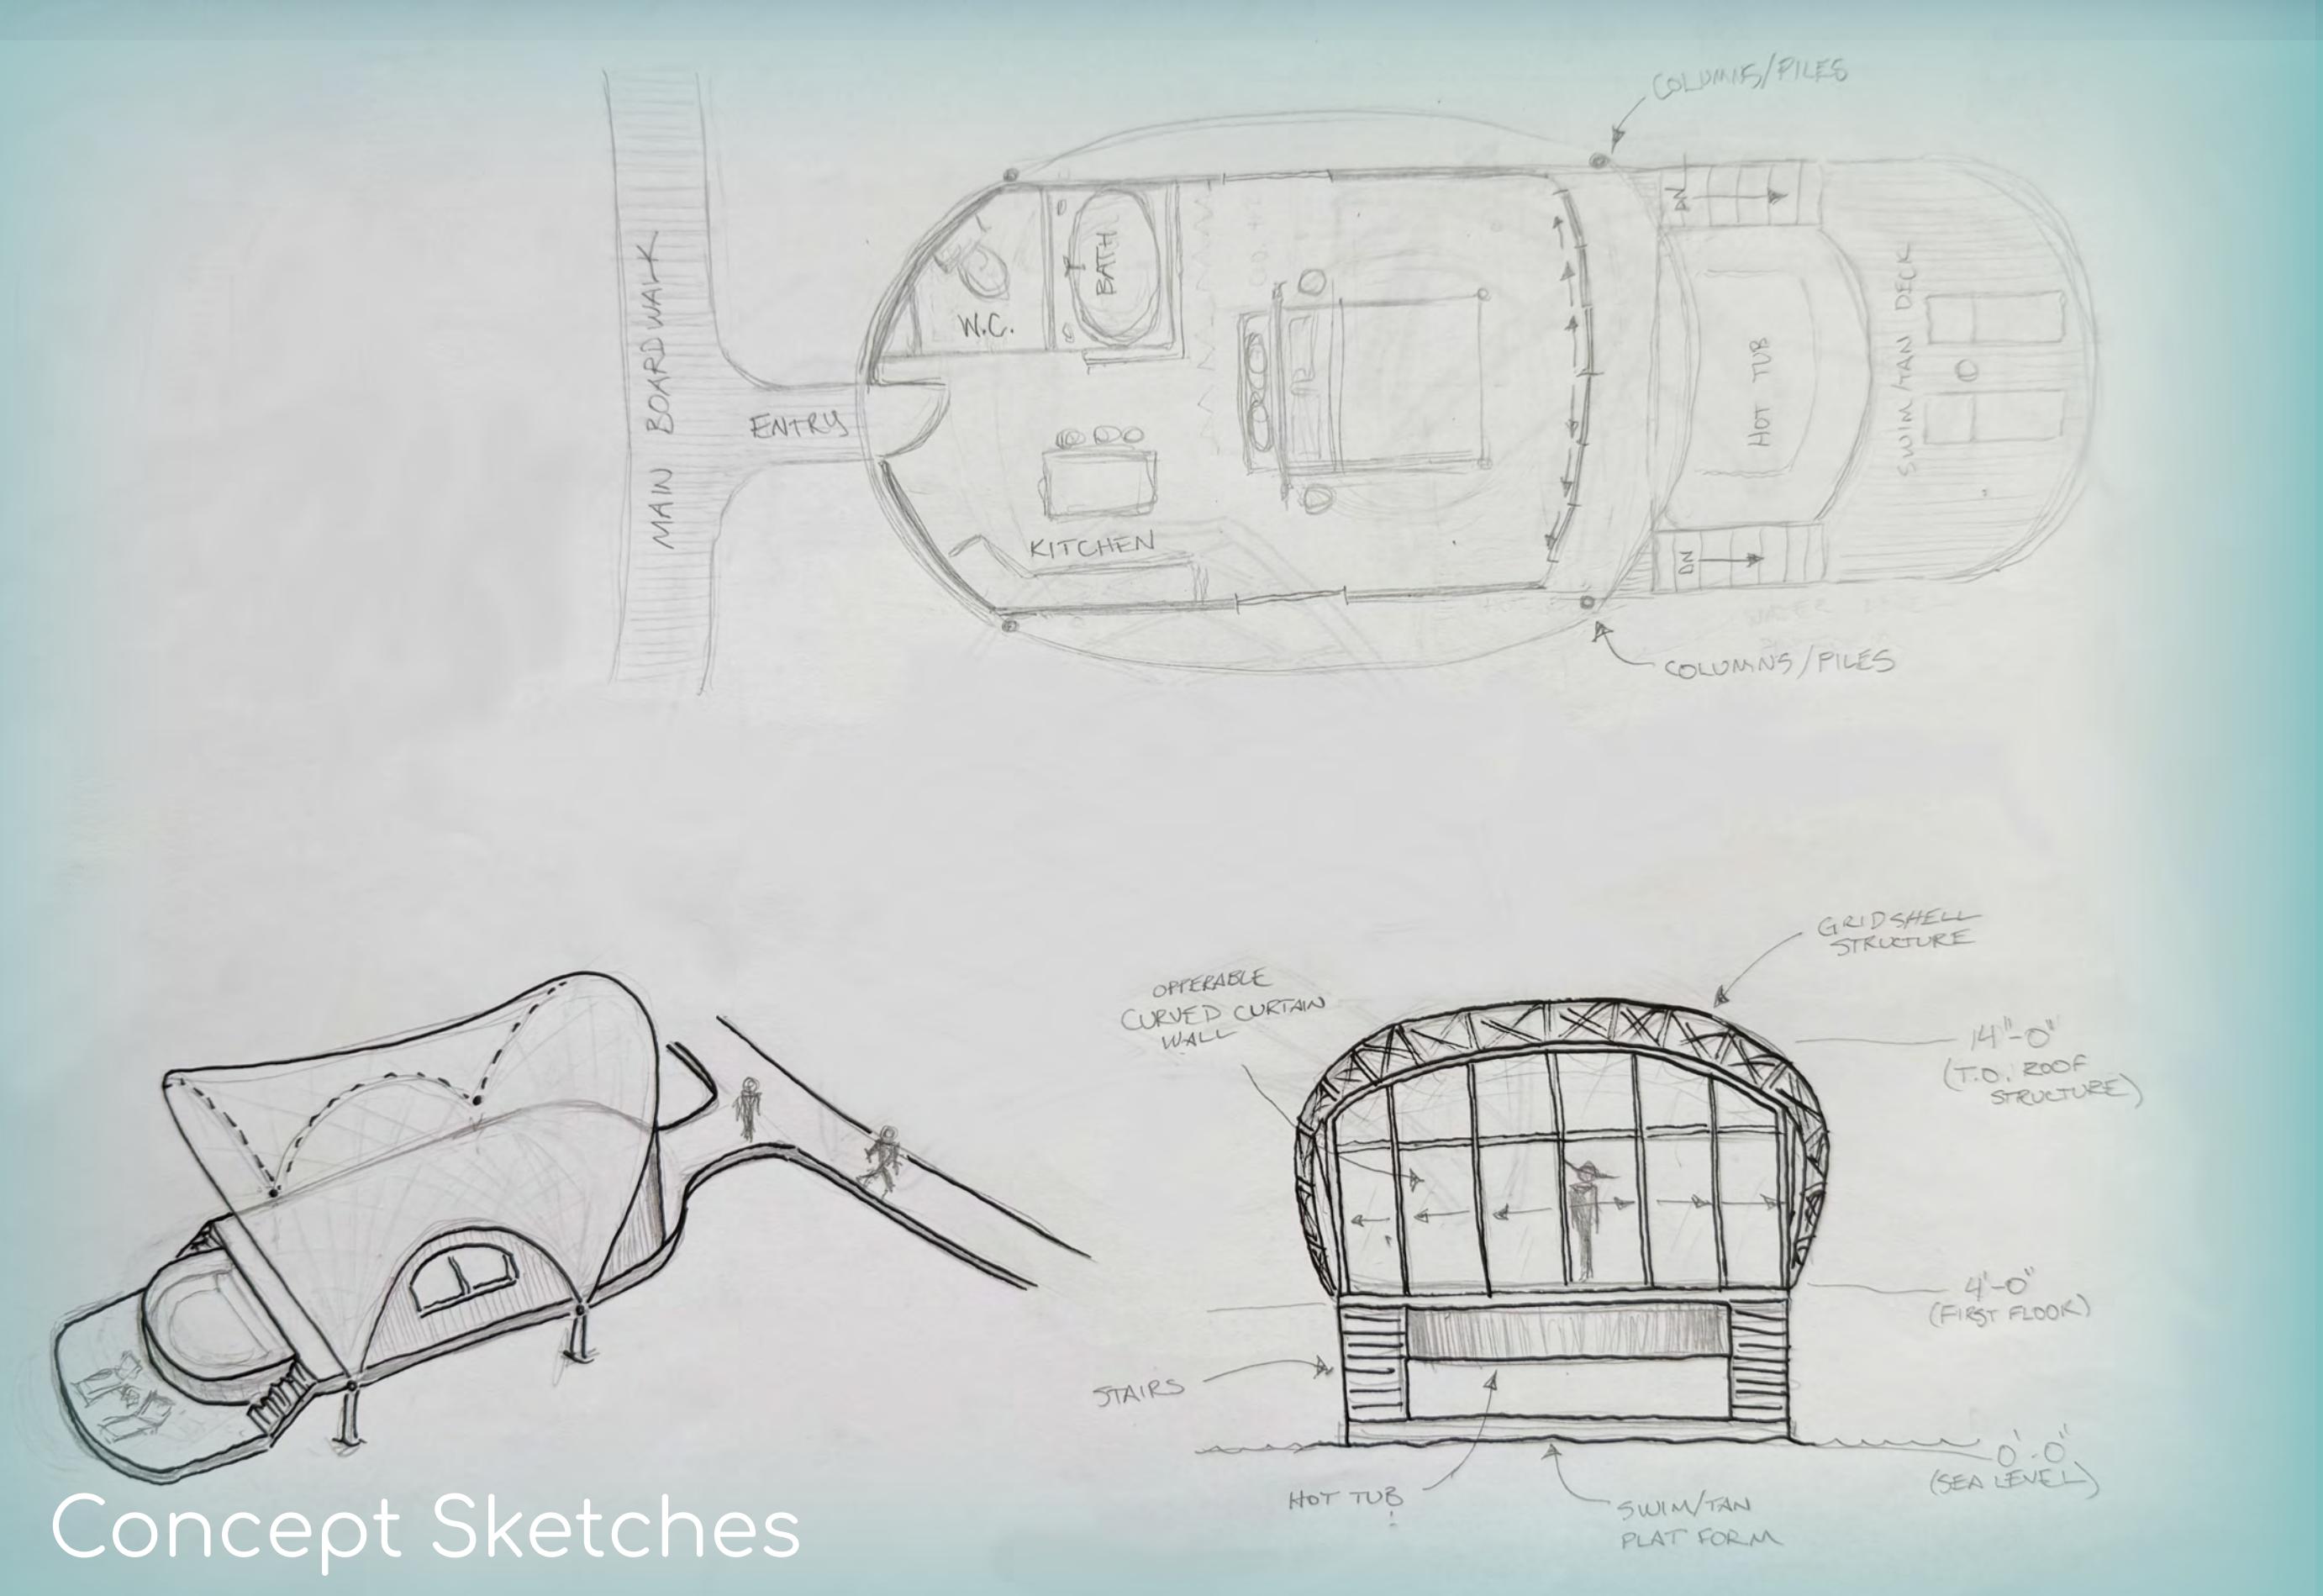

The Diamond Head Bungalows is a couples retreat located on just south of Diamond Head State Monument on the island of O'ahu. The design is based off of the bungalow resorts on the island of Bora Bora in French Polynesia. There are 15 bungalows in total and are connected by a winding boardwalk suspended 4 feet above the ocean's surface. Each bungalow has a full bathroom, private swim deck with a spa, and a stocked minibar. Snorkeling and group sailing trips are available daily. A amazing reef is waiting to be explored just beneath your feet!
